

Underground Rebel Bingo ▲

If you thought bingo was just for your nan, think again. Underground Rebel Bingo has a cult following as far as Madrid and Beijing, and is hush, hush: locations are revealed the day before each event, and the MC weaves a complicated backstory about the authorities trying to shut them down. There are kitsch prizes, scantily-clad presenters, naughty number calling, a dance floor to boogie on, and luminous bingo pens to draw on each other's, er, faces. Secret location, March tbc, www.rebelbingo.com
